CAREER OBJECTIVE

A motivated and adaptable Bachelor of Science in Information Technology graduate seeking an entry-level opportunity in a dynamic and growth-oriented organization. With experience in administrative tasks, document processing, customer assistance, basic computer and printer troubleshooting, and system development, I aim to apply my technical, organizational, and problem-solving skills while contributing positively to the organization. A detail-oriented and responsible individual with a strong willingness to learn, work effectively with others, and provide accurate and efficient support while continuously developing professionally.
